

Join us to Experience....

The Oneness Meditation

With
Joyce Sinclair and Catherine Scherwenka

The Oneness Meditation is a new powerful meditation where Divine Energies are transmitted to help awaken the spiritual energies within you. This special meditation and process offers you the opportunity to free the mind effortlessly and wake up to the magic and beauty of life. Flowing through the eyes of the Oneness Meditator, Oneness Meditation creates a neurobiological shift that naturally accelerates the Awakening process. Oneness Meditation is for everyone. It is secular and given in silence. There is nothing for you to do except receive the energies. No prior experience of Oneness events is needed. People from all walks of life, all backgrounds and all faiths, are experiencing dramatic change and improvements in their lives through this Meditation

Saturday, February 25

at Jivamukti Yoga Center, Jersey City, New Jersey
